KINDERSMILE ORAL HEALTH PROGRAM

KSOHP continued to be a banner program of our nonprofit, launching mobile units of volunteer dentists, hygienists and assistants to bring oral health education and diagnostic/preventive dental care and triage to underserved children nearby. We served Paterson community schools, Community FoodBank of Newark's after-school program and Head Start preschool sites in Montclair, East Orange, Orange and Glen Ridge.

COMMUNITY SERVICE LEARNING PROGRAM

CSLP was comprised of 20 active high school and college volunteers, a dozen of which traveled to Jamaica for the annual mission trip abroad and provided nearly \$100K worth of dental services to primary school children there. 2015 marked the program's first "domestic" mission trip which focused on serving children in McRoberts, Kentucky. Our team was joined by Rutgers Dental School of Medicine volunteers.

KINDERSMILE PRE/POSTNATAL PROGRAM

This year, KSPNP extended its dental services to pregnant women and new mothers who qualify to participate in the Women, Infants, and Children (WIC) Nutritional Program. WIC parents have no dental insurance and/or limited access to dental care due to their disadvantaged economic background. Mothers received oral health education, dental exams and prophylaxes (teeth cleanings).

It Takes A Village

We always say “it takes a village” to create long-lasting change in New Jersey and abroad. Thank you to all our supporters for recognizing KinderSmile Foundation as an effective vehicle for positive change. **We were blessed by 124 donations in 2015.** Thank you to all of our supporters!
